

SEIU Local 790 Invites You To Our Membership Convention

We Will Set the Direction for Our Futures Saturday, June 11, 2005

Berkeley Community Theater, Berkeley 1930 Allston Way [between Milvia & MLK, Jr. Way]

Never before have attacks on working people, our children and families, seniors, people with disabilities, the poor, and our communities been so massive and well coordinated as that of Arnold's. It's urgent that we all unite to fight back these attacks.

The Governor's attempt to "starve the public sector" threatens the state's longstanding commitment to provide public services for all. His proposed budget cuts for public schools, local government, public transit and healthcare endanger the wellbeing of all our communities.

On June 11 members of SEIU Local 790 from across Northern California will meet to develop a plan of action on how to defeat the Governor and his allies.

**We invite you to join us and work with us to develop ideas so
"We can take on the challenges before us."**

Registration: 8 AM to 9 AM * Convention Program: 9 AM to 5 PM

- **Plenary: The Attacks on Retirement & Public Services**
