

**On Wednesday, January 26, at 4 PM,  
Join us as we tell the President & Congress:**

**HANDS OFF SOCIAL SECURITY!  
REAL STIMULUS: JOBS NOW!**

*Join us on the day after the President's State of the Union speech, to send this message loud and clear:*

*Congress AND President Obama appear to be on the verge of needlessly cutting Social Security, America's most valued social program. Social Security is in sound fiscal shape for at least the next 27 years. It has not contributed a cent to the deficit. Cutting Social Security is financially unnecessary and will throw millions, old and young alike, into poverty.*

*Instead of cutting Social Security and cutting taxes for the wealthy, we need REAL stimulus: Jobs Now! Jobs to build affordable housing, to hire teachers, to train health workers, to rebuild our cities, and to provide clean power. Jobs to give security to today's workers; Social Security to give dignity to tomorrow's retirees.*

**Here's What Else We Can Do - Today and Every Day**

→**Call President Obama before his State of the Union address**, (202) 456-1414. Your message: "My name is \_\_\_\_\_. You have continually fought to protect Social Security and I hope you will continue. Social Security did not contribute a penny to the deficit, has its own financing, and is fiscally sound. I'm worried that if you embrace cuts to Social Security, you will anger seniors and future retirees and will endanger your reelection and the rest of your agenda for change. I urge you to reject any cuts to Social Security. Thank you."

→**Call your Congress Member, Senator Feinstein, Senator Boxer at least once a week**. 877-762-8762. Ask the Capitol Operator for your Congress Member and call again for Senator Boxer and Feinstein with this message: "My name is \_\_\_\_\_ and I am calling today to urge Congress Member \_\_\_\_\_, or Senator Boxer or Feinstein to oppose cuts to Social Security, privatizing Social Security, or making any change in the retirement age. Social Security helps millions stay out of poverty, has not contributed a penny to the deficit, and is America's most important retirement security program. Keep your hands off Social Security."
