

Join the Campaign for Single-Payer Healthcare

Wednesday, September 10, 7 PM
Mission Police Station Community Room
630 Valencia St (at 17th St.)
16th St. BART or 14, 49, 22, & 33 buses

The Campaign for a Healthy California is a new state-wide community- and labor-based organization that aspires to win single-payer / Medicare-for-All healthcare in California through a state-wide ballot initiative. Regional groups are forming across the state, and the September 10 meeting in SF's Mission District will be the first meeting of the San Francisco Regional Group. We invite all community and labor groups to join us.

Part of our strategy includes winning this November's State Prop 45, letting the State Insurance Commissioner reject excessive health insurance rate increases. Stopping health insurers' ability to arbitrarily raise rates would be a significant step toward driving health insurers out of California altogether. Come help us brainstorm a strategy to win a YES vote in San Francisco.

We urge everyone to come who is interested in gaining truly equal, comprehensive, accessible healthcare for all, that is individually and socially affordable. Let's make the horrors of private-insurance-based profit-driven healthcare a bad memory!

San Francisco Affiliates and Endorsers
