

Call to Action: Make SF Streets Safe for Seniors and People with Disabilities!

PRESS CONFERENCE
Wednesday, May 3, 2017
11:00 am
Mission & Fifth Street

Over 10 years ago, resident senior and people with disabilities, with the aid of Dept. of Parking and Traffic, successfully installed protected mid-block crosswalks in the South of Market Neighborhood. Today, after numerous collisions, near misses, falls, injuries and vehicle harassments, it is time for the city to give us time to cross the SoMa crosswalks.

We, residents of SoMa, call on the City of San Francisco to
**Give Us Enough Time to Cross
the Streets of San Francisco SAFELY!**

Come Join Us!

Let's make SoMa a safe neighborhood for walking!
