Unitarian Universalist Center  
1187 Franklin Street @ Geary Boulevard

The film *99 Homes* is director/writer Ramin Bahrani's gripping, dramatic thriller about the winners and losers in America's mortgage roulette.

In *99 Homes* we watch as a recently foreclosed victim played by actor Andrew Garfield, desperate for work becomes the reluctant protégé/employee of the real estate shark Rick Carver (Michael Shannon) who evicted him and his family.

Morally challenging, uncomfortable and rousing "*99 Homes*" forces us to look critically at the current state of economic disparity.

This screening is dedicated to Iris Canada and others who have lost their lives fighting the battle of eviction.

As usual, popcorn and other refreshments will also be available.
