**Upcoming 2017 Forum Events**

**December 17, 2017 9:30am (MLK) Ricardo Ortiz: "Update on Puerto Rico"**

**Ricardo Ortiz**, Bay Area resident and longtime union activist and historian of the labor movement of Puerto Rico, will speak of his experiences with Hurricane Maria, which hit just after he returned to Puerto Rico to take care of some family business and seek a postgraduate degree. Among the many difficulties he and others faced, especially critical was the lack of water and electricity. He himself became

sick there, and he also witnessed other Puerto Ricans facing ill health, lack of safety, blocked transport of goods and people, and scarcities of gasoline, food and medical supplies.

**There will be no Forum December 24 & 31 but we will return January 7, 2018 at**

**9:30 with:** Kathy Dervin who recently returned from the COP23, The UN Climate Change Conference in Bonn, Germany.

*Wishing you all happy and healthy holidays! – The Forum Group*
