Join SDA's Housing Collaborative every third Wednesday of the month at 1pm to discuss housing policy in San Francisco. Our emphasis is on the housing needs and concerns of seniors and persons with disabilities who live in San Francisco. We invite speakers working on current issues and we are open to suggestions for future meeting discussions and topics. We have been active in organizing actions against evictions and displacements in San Francisco, and pressing for safe Single-Room Occupancy (SRO) rooms, with grab bars, working phone jacks, and now, working elevators.

SDA's Housing Collaborative is the housing program of Senior and Disability Action.
