## EDUCATION

We educate through our General Meetings, newsletter, WEB pages, e-mail, committee work and cultural activities

*"We are the risk takers; we are the innovators; we are the developers of new models. We are trying on the future for size—that is our role."*

**Maggie Kuhn**

*Founder, Gray Panthers 1970*

## ADVOCACY

*We are:*  
**progressive  
environmentalist  
anti-racist  
anti-war**

*We advocate and endorse positions and actions for peace and social justice: universal health care, electoral reform, non-privatization of public resources and civil rights, human rights and civil liberties.*

*We organize to save Social Security; support a universal single payer health care system that covers everyone equally; defend the Bill of Rights; repeal the Patriot Act and eliminate environmental racism.*

## ACTIONS

We initiated the call for **HANDS OFF SOCIAL SECURITY (HOSS)**.

We are calling for the **repeal of the Medicare Modernization Act** as well as scrapping the Medicare Drug Act.

We are **proposing a human rights amendment to the California constitution**, in order to encourage respect and observance of the Universal Declaration of Human rights.

We demonstrated with GREEN ACTION to support **closing the PG&E Plant in Hunter's Point**.

We **protested special registration of immigrants after 911** and demonstrate for immigrants rights.

We continue to **agitate** on every possible occasion for **universal, single payer health care**.
